

## The Washington Manual Cardiology Subspecialty Consult

By Cuculich, Phillip, S., M.D. (EDT)/ Kates, Andrew M., M.D. (EDT)

Lippincott Williams & Wilkins, 2014. Paperback. Book Condition: New. 3 PAP/PSC. 12.7 x 20.32 cm. "Prepared by residents, fellows, and attending physicians at the Washington University School of Medicine, this handbook is a practical quick-reference guide to the diagnosis and treatment of cardiovascular diseases. It covers both inpatient and outpatient management approaches with the same front-lines practicality as the world-famous Washington Manual of Medical Therapeutics. Chapters include mnemonics, easily remembered bullet-point lists, bold-faced clinical pearls, and easy-to-read figures. This thoroughly revised, updated third edition emphasizes current guidelines from the American Heart Association and American College of Cardiology. Chapters cover new cardiac imaging modalities, peripheral vascular diseases, and cardiovascular diseases in specific patient populations, including women, the elderly, patients with HIV, and patients with diabetes. An appendix facilitates quick recall of the most common cardiovascular medications, common doses, and important side effects. The Washington Manual is a registered mark belonging to Washington University in St. Louis to which international legal protection applies. The mark is used in this publication by LWW under license from Washington University"--Provided by publisher. Our orders are sent from our warehouse locally or directly from our international distributors to allow us to offer you the best possible...

### Reviews

*An exceptional publication as well as the font employed was exciting to see. it was actually writtern extremely flawlessly and helpful. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Dominic Collins**

*This ebook could be worthy of a read through, and far better than other. I am quite late in start reading this one, but better then never. I realized this publication from my dad and i advised this publication to learn.*
