Somehow it seems that flowers in abundance look so much better to me than a more formal approach. The look of the English Garden is charming. It is organized yet looks wild, as nature intended. The colorful blooms, sometimes with an odd plant mixed in here and there, the abundance of roses, delphiniums and other sun loving heirloom plants mixed with shrubs, trees, herbs, sometimes even vegetables is simply delightful. This style of garden brings many surprises along the way, from new plants grown from seeds dropped by visiting birds or created by nature doing the cross pollination to self-seeding plants that pop up in new locations. Writing this book has been a labor of love. It is my wish for you, the reader that you will discover tips and tricks to help...
