Neuware - The Fourth ECMI Conference on Industrial Mathematics took place at Strobl in Austria, May 29- June 2, 1989. The conference was devoted to the exchange of ideas, models and methods from various fields of industrial applications of mathematics. About 140 people from 21 countries attended the meeting. The aim was to bring together people from industry and from university. In this respect the organizers were only partly successful! The participation of about 20 people from industry shows that there is still much work to be done to increase the acceptance from this side. 72 speakers presented their results as invited or contributed lectures, or in the frame of 2 minisymposia. One minisymposium was organized by Heinz W. Engl and focused on steel processing, the other one, organized by Hansjörg Wacker, dealt with chemical engineering. These proceedings consist of 56 papers. The articles within each of the sections: Invited Lectures, Minisymposium Steel Processing, Minisymposium Chemical Engineering, and Contributed Lectures are in alphabetical order of the first author. Except for the contributions to the minisymposia, which clearly...
