Pearson Education (US). Paperback. Book Condition: new. BRAND NEW, Essential SharePoint 2010: Overview, Governance, and Planning (2nd Revised edition), Scott Jamison, Mauro Cardarelli, Susan Hanley, "This book will become a mainstay in your SharePoint library. You will find yourself reaching for it whenever you run into a difficult situation or need extra guidance on how to use the new SharePoint product set." - From the Foreword by Thomas Rizzo, Senior Director, SharePoint Product Management, Microsoft The Only Book That's Completely Focused on Maximizing the Business Value of SharePoint 2010 Solutions Essential SharePoint(R) 2010 approaches Microsoft SharePoint Server 2010 from a strict business value perspective, explaining exactly how to plan and implement SharePoint solutions to achieve superior business results. The authors are leading enterprise SharePoint consultants and draw on their unsurpassed experience to focus on the SharePoint features that offer the most real-world value. You'll find practical advice about how to succeed with knowledge management, business intelligence, and process improvement, and how to derive value from new innovations such as social tagging and mashups. The book includes comprehensive, "in the trenches" guidance on planning, architecture, governance, training, and other key issues most SharePoint books ignore. The authors identify success factors, intangibles,...

Reviews

These kinds of publication is the greatest pdf available. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.
